BONDS FOR R. R. BUILDING

Fifteen Million Dollars Worth to Construct a Short Line From Memphis to Palatka

New York, July 20.—Fifteen million dollars' worth of bonds were sold in Europe a couple of days ago to build a line of road from Memphis, Tenn., to Palatka, and this considered a beginning for another big boom in railroad building in Georgia and Florida.

GALA WEEK AT CLEARWATER

Clearwater is arranging to do herself proud on the 24th to 28th. Her citizens want everybody to know what a delightful place it is, and they have arranged a series of sports and entertainments that will give everybody a good time. Water sports, the chief of which is water baseball, the freak of all sports and the greatest hit of the day. A gun club tournament on the 25th and 26th. Free excursion to the Gulf on a picnic vessel and free sails on the bay to the ground. Surf bathing on the beach.

The above are a few things that will delight the visitors on this occasion. "Come and see us. Bring along the 'doggerly' in which you can have a good time and don't forget your bathing suit. 'Come where ocean breezes blow.

THE BOSS WORM MEDICINE

H. P. Kumpke, druggist, Leighton, Ala., writes: "One of my customers had a child which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to health, vigor and elasticity of spirits natural to childhood. Sold by all druggists.

ANTHONY

The Correspondent Suggests a Method for Obtaining a New Depot

Would it not be a good idea for some of our influential citizens to draw up and have signed a petition to the proper railroad authorities to build a new depot at this place? We have reason to believe that if the proper method was pursued there is little doubt but that we would have our desires gratified. There is no use trying to use force, but a petition courteously and properly worded would most likely accomplish the desired end. Let us try. Mr. Emmet Talton, who has charge of the agricultural department of the J. B. Stetson farm at DeLand, and who has been visiting his parents, returned with his family last Friday night.

Mr. L. Green and wife have gone to Lake City for a week. Mr. Green will then go to Atlanta to have his eyes treated by Dr. Calhoun.

Mrs. W. W. Smith returned to Jacksonville Monday. She will, later on, come back to see the doctor for a short time.

Mr. Carl Priest returned Monday from Sarasota. He says water does not agree with him. Wonder if he was seasick.

Mr. J. P. (Boose) Courtney arrived last Friday night from Birmingham, Ala., for the purpose of accompanying his wife and children, who have been the guests of Mr. and Mrs. Kates for the past four weeks, to their home. They left Thursday.

Our mayor has ordered the removal of the public drinking troughs, as a precaution against glanders.

Mr. and Mrs. Connor Smook spent Sunday with Mr. and Mrs. J. T. Simmons.

The infant daughter of Mr. and Mrs. Thomas Harris departed this life Tuesday night, after lingering with us but two short weeks. In that short time she had so endeared herself in the affections that the parting is severe. Mr. Harris arrived on the night train from Valdeosta Tuesday. Dr. Eaton Lindner, who was with the pleasure party at Sarasota, was wired for, but could not make railroad connections so as to come in time for the funeral. The interment was at 4 o'clock Wednesday, conducted by Rev. Kenney. The bereaved parents have the sympathy of the entire community.

Miss Lillian Carlton of Ocala has been the guest of Mrs. W. W. Meade for eight days. She has been great comfort and company to Mrs. M., who has been confined to her bed for over a fortnight, with a severely sprained foot, but, under the skillful treatment of Dr. Eaton Lindner, hopes to be soon walking again.

Miss Lucy White of Tampa, who has been the guest of Mr. and Mrs. Pifer, left Wednesday for Hawthorne, Jacksonville and St. Augustine.

There was an old negro on the street Tuesday who had his face poisoned. It created some excitement and alarm, it being reported that he had smallpox.

There is some talk of several real estate deals being made in the near future. Our advice would be to hold on until after a prosperous crop year, or their sell, if desirable. You would then have the means to do as desired.

The Inn is setting the best summer table on the West Coast. The fishing, bathing and boating at Clearwater are the best on the Gulf side. The place is notably healthy, and is cooled by the breezes from the Gulf on the west and Tampa Bay, six miles off, on the east. The famous Green Springs mineral water is brought to the hotel daily by the mail carrier. The rates by week or month are very reasonable. Write to C. W. Joseph, Proprietor, Clearwater, Fla.

POOR PROSPECT FOR PEACE

Hayashi Says the Japanese Are Not Angels While Witte Expects a Russian Victory

London, July 20.—Baron Hayashi, the Japanese minister here, said to the Associated Press yesterday that Russia had appointed good men as peace plenipotentiaries. Nevertheless, even M. Witte and Baron Rosen had not inspired Japan with confidence in a favorable outcome of the negotiations. "We do not know," the minister added, "what powers have been delegated to them and after the events of the last eighteen months Japan puts faith only in accomplished facts. The terms will be communicated only at the conference. Then we will discover what power the plenipotentiaries possess."

The Associated Press representative suggested that the general opinion prevailed that the Japanese terms will be moderate. "I cannot see where people get such an idea," replied the minister. "The public evidently mistake the Japanese for angels."

Minister Hayashi intimated that Japan was ready to continue the war unless she secures suitable terms.

He called attention to the fact that practically the entire sum realized by the last two loans was expended, and said the capture of the Island of Sakhalin was not precipitated by the approach of the conference, but was a natural sequence of the Japanese campaign, the plans for which had not been altered since Russia accepted to the conference. An earlier attack on the island was not undertaken principally because of the severe winter and because the summer season was preferable for campaigning and the establishment of a new government in the island.

Witte Wants Peace Only With Honor

Paris, July 20.—A dispatch to L'Echo de Paris from St. Petersburg says that Witte left the Russian capital yesterday on his way to America. Witte had three interviews with the emperor. The correspondent learned that Witte considers a victory in Manchuria very probable, and that Russia ought not to accept any terms from Japan except such as would lead to peace with honor.

ONE DOLLAR SAVED

Represents Ten Dollars Earned

The average man does not save to exceed 10 per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars' outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by the Postoffice Drugstore.

BERKMANN'S BEST BEHAVIOR

Seems to Be in Evidence Only When He is in Prison

Pittsburg, July 20.—Alexander Berkman, the alleged anarchist, who attempted to kill H. C. Fryck, the millionaire steel manufacturer, during the great Homestead strike, was released from the penitentiary, and was immediately arrested again, to serve one year for carrying concealed weapons. Berkman was sentenced for twenty-two years, but his good behavior earned for him a commutation of nine years.

A GRIM TRAGEDY

Is daily enacted in thousands of homes as death claims in each one another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated the tragedy is averted. F. G. Huntley of Oakland, Ind., writes: "My wife had the Consumption and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and today she is well and strong." It kills the germs of the diseases. One dose relieves. Guaranteed at 50c, and \$1 by the Anti-Monopoly Drugstore. Trial bottles free.

A GREAT THING FOR LAKE

Reopening Oklawaha River to Navigation an Outlet for Her Products

It means the employment of many men and then running on full time of the large plants now established at Rockwood and Yalaha, not to mention other business enterprises that will be fostered and made to grow and prosper thereby.—Lansburg Commercial.

CHOLERA INFANTUM

Child Not Expected to Live From One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy

Ruth, the little daughter of E. N. Dewey, of Azewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by the Postoffice Drugstore.
